DIRECTIONS FOR USE

This product is a concentrate and must be diluted before using. See table below.

For detailed instructions on how to use CLEAN-UP in your particular application, contact your PACE Representative. Detailed cleaning procedures can also be obtained by logging on to our website, www.pace49.com.

Application Methods

CLEAN-UP produces a high foam when used with a foam applicator. Foam is an effective way to clean heavily soiled areas providing a residual soaking action on both vertical and horizontal surfaces.

Pressure Sprayers

High and low pressure sprayers are recommended for easy removal of debris and rinsing. Foam applicator attachments give excellent cleaning results with CLEAN-UP.

Note: Aluminum, copper and other soft metals may be cleaned with CLEAN-UP but use-solution must be rinsed shortly after application to prevent any metal etching.

CLEAN-UP is a combined formulation of emulsifiers, detergents and wetting agents designed to remove greasy deposits even when combined with dust and dirt, or when heat-set due to exposure to high temperatures such as found on heavy equipment, transport trucks and trailers.

CLEAN-UP breaks up hard-to-remove deposits by liquefying grease and compacted oil accumulation, then emulsifies the dirt for easy removal with a high-pressure hose or brush.

CLEAN-UP is safe to use on stainless steel, iron, concrete, plastic, poly, glass, and even soft metals like aluminum if rinsed prior to drying.

Horticultural and Agricultural Applications:
CLEAN-UP may be used in Greenhouses, Nurseries, Interiorscapes, Botanical Gardens, Atriums, Packing Houses, Commercial/Retail Florists, Bouquet Manufacturers and by Fruit and Vegetable Growers.

Areas of use include storage sheds, packing lines, coolers, picking carts, pots, plug trays, bins, ground cover, shade cloth, benches, transportation, trucking, disposal areas, lunchrooms, washrooms, beds, structures, packing sheds, picking equipment, food-handling equipment, totes, and other equipment including farm machinery, tools and cutters.

Livestock Applications:
CLEAN-UP has many applications on Poultry, Pig, Cattle and Dairy Farms.

Areas of use include animal pens, barns, parlors, drinkers, cages, receiving areas, egg rooms, kill floors, storage areas, packing equipment, farm machinery, processing areas and for floor scrubbers and general cleaning.

Application

| Fl. oz. CLEAN-UP/gallon water | Heavy-Duty Cleaning | 7.0 to 12.5 fl. oz. | Medium-Duty Cleaning | 5.0 to 7.0 fl. oz. | Light-Duty Cleaning | 1.5 to 5.0 fl. oz. |
