READY-TO-USE

WEEDS CONTROLLED: Dandelion, Plantain, Black Medick (yellow clover), Buttercup, Chickweed, Clover, English Daisy, Ground Ivy (Creeping Charlie), Knotweed (Ironweed), Poison Ivy, Ragweed, Shepherd's Purse, Bedstraw, Heal-All, Devil's Paint Brush.

SHAKE WELL BEFORE USE

PROTECTIVE CLOTHING: Wear long sleeved shirt, long pants, socks, shoes and chemical-resistant (e.g., rubber) gloves.

DIRECTIONS FOR USE: Cut tie on holster, remove sprayer from the holster and unwrap. Uncoil flexible pick-up tube and straighten. Remove cap from the bottle. Insert tube into the opening and install cap from the sprayer. When ready to use ensure the safety lock is in the ON position. Select STREAM OR SPRAY by turning the nozzle before use. Stand close to weed. Adjust nozzle to desired spray pattern. Point sprayer away from body and press trigger to begin spraying. Wet the weed with one or two short bursts. Repeat if necessary. Hold trigger for continuous spraying. Do not water for 24 hours. For further sprayer use directions read the instructions included with the sprayer. Keep the safety lock in LOCK position when storing or changing fluid bottles or batteries. Store sprayer apparatus in holster when not in use. See holster for additional sprayer instructions. **NOTE:** Excessive wetting of grasses around weeds may cause some injury. This product is only effective when applied to the leaves of actively growing weeds. This product will not prevent new weeds – apply only when weeds are present. This product is designed to target treatment of weedy areas and lawns. **DO NOT** apply to any body of water. **DO NOT** contaminate irrigation/drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. **DO NOT** directly spray or allow spray to drift onto ornamentals, gardens or exposed tree roots. This product may injure desirable ornamentals and vegetables. Avoid application of this product when winds are gusty.

MAXIMUM APPLICATION FREQUENCY: For good turf /lawn management, **DO NOT** apply more than two broadcast applications per season. This does not include spot treatments.

REUSE AND REFILL INSTRUCTIONS: 15 mL = 1 tablespoon (tbsp). Refill only with Concentrated Weedex Weed Control for Lawns II (PCP# 28204). Do not use this container or sprayer for other products. **For refilling,** remove the sprayer cap and tube. Measure 102 ml (6.8 tbsp) of Concentrated WeedEx Weed Control for Lawns II into the empty container. Add 5 litres (1.32 gallons) of clean water to container. Reinstall the tube and sprayer cap. Follow **DIRECTIONS FOR USE.**

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact with skin, eyes, or clothing.

OPERATOR USE PRECAUTIONS: Wash hands before eating, drinking, using tobacco or using the toilet. After treating, wash thoroughly. If pesticide penetrates clothing, remove immediately; then wash contaminated skin thoroughly and shower. Launder contaminated clothing separately before reuse.

RE-ENTRY INTERVAL: Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treated areas until spray has thoroughly dried.

GENERAL PRECAUTIONS: Do not use on Bent grass or where clover is desired. Do not store near seeds, fertilizer, insecticides or fungicides. Do not allow spray, mist or vapours to contact any plants other than those being treated. Do not allow to freeze.

FIRST AID: If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If swallowed,** call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

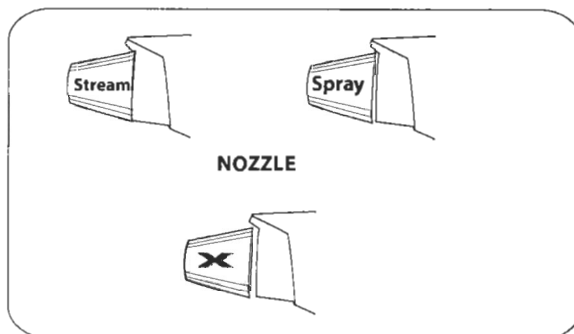

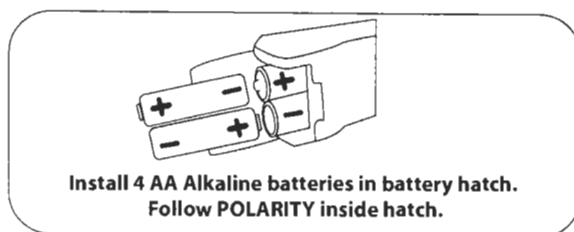

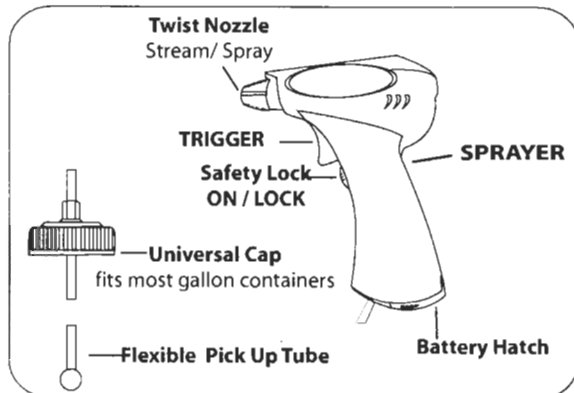

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse empty container except in accordance with **REUSE AND REFILL INSTRUCTIONS.** Wrap and dispose of empty container with household garbage.

1-touch

lawn & garden

MULTI-PURPOSE SPRAYER

Do's and Dont's

- **NEVER PLACE THE NOZZLE IN YOUR MOUTH**
- **Do** flush out nozzle and flexible pick-up tube with warm water while pressing trigger after use.
- **Do** mark the chemical type or contents of the bottle on the side of the spray head.
- **Don't** switch sprayer head between different types of chemical bottles.
- **Don't** ever mix chemicals together.
- **Don't** spray towards people, pets, electrical outlets or flames.
- **Do** mix only what you are going to need in one application.

ONLY USE THIS SPRAYER WITH RTU WEEDEX WITH I TOUCH POWER SPRAYER OR CONCENTRATED WEEDEX WEED CONTROL FOR LAWNS II

PLEASE READ THIS BEFORE USE

Helpful Hints

- The sprayer is shipped to you with Safety Lock in the ON position for packaging needs. Keep the Safety Lock in LOCK position when storing or changing fluid bottles or batteries.
- Straighten pick up tube before attaching multi-purpose sprayer to gallon container.
- Select SPRAY or STREAM by turning nozzle before use.
- Pull trigger, wait several seconds for fluid to prime. Apply application to selected area as directed, by chemical manufacturer's specification.
- To STORE sprayer always move the Safety Lock to the LOCK position.
- If the spray is inconsistent the nozzle may be partially blocked. Flush with warm water.
- If the sprayer motor does not run, check batteries for correct polarity in the battery hatch, as shown.
- If the sprayer motor runs but does not spray, replace old batteries with new batteries, do not mix old with new.
- The sprayer is packaged with the batteries installed. For best results, remove the batteries, wipe dry and reinstall before use. Condensation may occur during shipment.

IMPORTANT!

- **Only use with water based chemicals that are recommended for spray applications.**
- **Read, understand, and follow original chemical manufacturer's directions and warnings.**
- **Certain chemicals may require protective goggles, breathing masks, or protective clothing.**

Safety First

- **KEEP AWAY FROM CHILDREN.** This sprayer is not Child-resistant. Keep the Safety Lock in LOCK position when not in use.
- **DO NOT MIX BATTERIES;** Never mix old batteries with new. Do not mix Alkaline with standard (carbon zinc) or rechargeable (nickel cadmium) batteries.
- **DANGER** Never use with:
 - Flammable Solvents, combustibles, or Oils.
 - Extremely Caustic solutions such as bleach, wallpaper strippers, etc.
 - Any liquid that poses a health hazard if sprayed.
 - Liquids that harden or congeal, such as paints or glues
