

## RichLawn Overseeding Lawn Mix

- Coastal
  - Overseeding for existing lawns
  - Full sun to moderate shade
- For:*
- *Home lawns*
  - *Landscaping*

The **RichLawn Overseeding** mixture is a premium-quality turf blend of 4 top-rated perennial ryegrass varieties, for general home & landscape use with full sun to moderate shade.

This mixture is of fine to medium texture and performs well at a low, medium, or high height of cut.

**RichLawn Overseeding** should be seeded at 7-10 pounds per 1,000 square feet, depending on seeding conditions and desired growth density.

### Details

- This mix is ideal for overseeding home lawns where high traffic or heavy use has resulted in worn areas. It's also well suited to broadcast across larger areas where general thickening of the lawn is desired.
- It is an extremely attractive mix with a very dark green colour and fine to medium texture.
- Varieties in this mix have excellent disease tolerance ratings, including ratings for Red Thread and Rust.
- In addition to being attractive and disease tolerant, varieties in this mixture maintain their quality better than most under high traffic conditions and at different maintenance levels.
