

Dear Retail Partner,

Soon you will be contacted by a TerraLink representative to introduce the Fall Booking Program for GardenPRO, Country Green, EarthLink and other great brands from TerraLink Horticulture Inc.

At this time, we would like to remind you to take advantage of our centralized advertising in the "Gardens West" magazine. Spaced throughout the season will be ads for GardenPRO Transplanter, GardenPRO Fish Fertilizer, GardenPRO Tomato Food and GardenPRO Veggie & Flower fertilizer. Plan ahead and book enough inventory to take advantage of our carefully timed ads for each product.
