

AVAIL® Phosphorus Fertilizer Enhancer

The strongest phosphorus protection available

Help your forage reach its full potential

AVAIL® Phosphorus Fertilizer Enhancer increases the efficiency of your P fertilizer no matter how—or when—you apply it. Giving you application flexibility and a better return on your phosphorus investment. When as much as 75-95% of untreated phosphorus can become fixed in the soil, AVAIL keeps it more available to your forage.

AVAIL provides:

- Increased efficiency of applied P in your soil with increased P uptake in the plant
- More flexibility in your application schedule
- Effective protection for both dry and liquid phosphorus fertilizers

Protect your P investment with AVAIL.
