

Plant-Prod Soluble Fertilizer

The world leader in soluble fertilizers and high productivity plant nutrition, Plant-Prod has been in business in Canada since 1945.

Plant-Prod fertilizers dissolve completely and are consistently high quality, with formulations specific to each situation. They do not contain fillers, cheaper ingredients or high concentrations of salts. The chelating agents are designed to maximize the delivery of the micronutrients to the plant, over a range of media pH levels for optimal root uptake and less waste.

Plant-Prod fertilizers cost a little more than economy fertilizers. However, when you take into account the total operational costs including labor, utilities, seeds, growing medium, overhead and shipping, the additional cost is likely less than 1%. The extra 1% is more than balanced off by reduced labor costs, more consistent results and crops that are more saleable, plus your dripper system functions better and longer.

Plant-Prod Solutions line are a premium brand that offer an advanced technology. Each formula contains a mixture of Micro Plus, an enriched micronutrient mixture. Plant Prod Specialty line products are designed for specific crop types. New to Plant Prod is the recently introduced MJ Line.

The following Plant-Prod soluble fertilizer blends are available from TerraLink Horticulture Inc.

Plant-Prod Solutions Line	SKU #	Size
Plant-Prod Solutions 15-0-20 No Stretch	3016100	15 kg
Plant-Prod Solutions 17-5-17 Fusion	3015960	15 kg
Plant-Prod Solutions 17-5-17 Complete	3015940	15 kg
Plant-Prod Solutions 19-2-19 Fertility Plus	3016120	15 kg

Plant-Prod Standard Line	SKU #	Size
Plant-Prod 10-52-10 Starter	3015100	15 kg
Plant-Prod 12-0-44 Finisher	3015040	15 kg
Plant-Prod 12-2-14 Optimum Cal Mag	3015160	15 kg
Plant-Prod 14-0-14 Cal Mag	3015400	15 kg
Plant-Prod 15-0-15 Cal Plus	3015440	15 kg
Plant-Prod 15-15-30 High K	3015200	15 kg
Plant-Prod 15-30-15 High P	3015220	15 kg
Plant-Prod 18-6-20 Poinsettia Plus	3016180	15 kg
Plant-Prod 20-2-20 Acidic High Nitrate	3015240	15 kg
Plant-Prod 20-5-30 Super K	3015360	15 kg
Plant-Prod 20-8-20 All Purpose High N	3015480	15 kg

Plant-Prod Standard Line (continued)	SKU #	Size
Plant-Prod 20-20-20 Classic	3015280	15 kg
Plant-Prod 21-7-7 Acid	3015560	15 kg
Plant-Prod 28-14-14 High N	3015320	15 kg

Plant-Prod MJ Line	SKU #	Size
Plant-Prod 4-31-37 MJ Finisher	3016978	15 kg
Plant-Prod 10-30-20 MJ Bloom	3016970	15 kg
Plant-Prod 12-8-26 MJ Grow	3016972	15 kg
Plant-Prod 15-0-14 MJ Cal Kick	3016974	15 kg
Plant-Prod 15-30-15 MJ Boost	3016971	15 kg

Plant-Prod Specialty Fertilizers	SKU #	Size
